## Neuropsychological Assessment:

Understanding & Interpreting  
results when considering a  
child's IEP and service needs

**Tuesday, April 12th  
7:00 PM**

**Medway High School  
88 Summer St.**

Please join us for our April meeting and our guest speaker Dr. Moldover.

“Dr. Joseph Moldover is a developmental neuropsychologist . His interests include the evaluation and management of children and adolescents with learning disorders, developmental disorders, neurological injuries, and psychiatric disabilities. In addition to his clinical work, he has written for both professional journals and for a general audience. Dr. Moldover often meets with parent groups, faculties, and advocacy organizations to present on a variety of topics. He emphasizes a lively and interactive style, with an ongoing back and forth with the audience ensuring that the information is relevant and practical.”
